

ADMINISTRATION

AD 4. Request of Commissioner

BE IT RESOLVED, as the Board has concluded material information was withheld from the Commissioner of Education in applications and letters submitted during both 2013 and 2014, and based on these findings as well as not terminating either the contract with High Point or Port Jervis which the previous Counsel and Boards have put in place, the Board has decided the most equitable and fair decision is to empower the parents of our community by providing them with the opportunity to choose which school district best suits the needs of their families and children.

THEREFORE, the Board requests for the Commissioner to reconsider the withdrawal of consent that was based on misinformation, thereby allowing Montague students who choose to continue being enrolled in Port Jervis and reinstate the consent which was in effect for many decades.

July 22, 2015 APPROVED: 7 – 0 (DC, GG, TB, SK, TJ, DO, GA)
